Hello! We’re glad to hear you are interested in or already participating in T-Mobile’s Lifeline program. The federal Lifeline program administrator requires consumers to use universal forms to determine initial and continued eligibility. Unfortunately, these forms may not include all the information we need from you, or we may need to provide you additional information in certain states. Additionally, we can offer you some tips and best practices to make this whole process easier for you and us!

So, when you’re ready, review these important notices, supplemental instructions and best practices, and complete the included form(s) to the best of your ability. And when you’ve got all your documentation ready, you’ll find the submission instructions at the end!

**Important Notices**

Pennsylvania Applicants: Pennsylvania consumers with unresolved disputes regarding Lifeline services may contact the Public Utility Commission’s Bureau of Consumer Services at 1-800-692-7380 for assistance in resolving their issues.
