

Field Sales and Services

Fleet Management Solutions

Drive productivity with real-time visibility

Field sales and service teams face increasing pressure to find efficiencies and stay productive. T-Mobile® SyncUP FLEET™ provides the insight, visibility, and actionable alerts you can use to increase productivity, reduce costs, and boost customer service.

The SyncUP FLEET advantage

- ③ Track your workforce, assets, and fuel costs
- ③ Track fuel usage and idling trends
- ③ Compare personal vs. business miles
- ③ Driver safety scorecard
- ③ High-performance GPS technology
- ③ Advanced dashboard reports
- ③ Vehicle maintenance scheduling

SyncUP FLEET management solutions

SyncUP FLEET gives you data you can use to:

Manage compliance

- DVIR (vehicle inspections)
- Set policy rules and alerts

Cut fuel costs and optimize fleet

- Reduce speeding and unnecessary idling
- Reduce after-hours usage
- Route optimization (review planned vs. actual)
- Detect engine issues
- Predictive maintenance

Improve driver safety

- Risk and safety reports
- Driver feedback
- Driver scorecard
- Speeding alerts
- Driver reporting

SyncUP FLEET device

- Fast GPS acquisition time
- Rich telematics and reporting data
- Accurate engine diagnostics
- Self-calibrating accelerometer

Boost productivity and control costs

- Live tracking of fleet vehicles (near real-time location)
- Create customer zones/geofences
- Dispatch nearest/best driver for the job
- Accurate ETAs
- Reduce labor costs and overtime
- Can increase jobs completed per day
