CERTIFICATION OF DISABILITY

Instructions: To receive Directory Assistance Exemption Program benefits due to a qualifying disability, please have your health care professional ("certified agent") complete and return the following.

This form *must* be completed by a certified agent. To qualify as a certified agent, the individual must be one of the following: (1) a health care professional; or (2) a representative of an institution, agency or tax exempt non-profit presently at work in the field of disability specified by the applicant. In addition to licensed physicians and surgeons performing surgeries and procedures within the scope of their expertise, a certified agent may be any other professional well qualified to diagnose, treat or otherwise assess a disability. Examples may include: vocational therapists and agency counselors, credentialed therapists, optometrists, audiologists or other speech and hearing professionals, directors of independent living centers, chapter presidents of associations of/for persons with disabilities, verifications from qualified state agencies, departments of rehabilitation, teachers/professors, and more.
