

Congratulations on activating your plan with T-Mobile Work Perks!

Here's how to verify your eligibility.

Note: You'll need to **verify your employment status within 30 days of activation**; otherwise you will not be eligible for T-Mobile Work Perks.

How to verify your employment status:

1. Go to my.t-mobile.com/profile or open the **T-Mobile app** and log in.
2. If you are not already on the Profile page, select **Profile** from the top right menu.
3. Select **Employment Verification**.
4. Confirm your employment status:
 - Enter **Company Name**
 - Enter **First and Last Name**
 - Enter **Employment Work Email**
 - Confirm **Employment Work Email**
 - Enter **Mailing Address**
5. If we are able to verify you immediately, you will see "Employment Verification Verified". You are all set!

If we are not able to verify your employment immediately, complete these additional steps:

6. If we need more information, you will be asked to upload your most recent paystub to confirm employment. (Please delete all information other than name, company, and date.)
7. Once you load your most recent paystub, you will see "Upload received and under review".
8. Check back after 24 hours to confirm successful enrollment.
9. If you have any questions, please call **611** from your mobile device.
